Cookies Inspired by the Wonderful Young Women of Sierra House.

Sierra House Cookies (SHC) are more than just cookies; it is a philanthropic effort that supports community, youth, and education. The most unique thing about SHC is that it has two charitable purposes—the Sierra House, which helps homeless young women and mothers transition to self-sufficiency and the participating organization, which will earn a percentage of sales for every cookie dough container it sells.

SHC sets itself apart because it is all natural made from the best ingredients with no added preservatives to take away from its taste. There are four original recipes: Acadamia Nut, Hidden Treasure, Sierra Delight, and Sierra Chip, and each cookie has a unique recipe designed to represent the residents of the Sierra House Transitional Program.

Acadamia Nut

Macadamia Nut Cookie

The “Acadamia Nut” is a delicious blend of macadamia nuts and white chocolate chips that will make your mouth say “Ahhhh”. Each cookie has a mouth-watering nutty taste that will appeal to your taste buds.

Inspiration: This cookie was inspired by the emphasis that Sierra House places on academic advancements. Each resident is encouraged to reach their highest academic potential and succeed, while realizing that along the way they can still have fun.

Hidden Treasure Oatmeal Raisin Cookie

The “Hidden Treasure” is a moist oatmeal raisin cookie enhanced with brown sugar and molasses. This cookie is rich in flavor and tantalizing to the taste buds. After one bite of this amazing cookie, you will want to eat more and more.

Inspiration: This cookie was inspired by the hidden skills and talents that Sierra House brings to the surface in the young women that we serve. Everyday new skills and talents are discovered.

Sierra Delight Chocolate & Peanut Butter Chip Cookie

The “Sierra Delight” is a scrumptious chocolate cookie with peanut butter chips. Each cookie merges two distinct flavors that give you a double taste of sweetness. In every bite, you will enjoy a unique blend of its chocolate and peanut butter flavor.

Inspiration: This cookie was inspired by the exceptional ability that the women of Sierra House possess to surpass expectations. Just like the “Sierra Delight” Chocolate Chip & Peanut Butter Cookie, our residents will not settle for just being average.

Sierra Chip Chocolate Chip Cookie

The “Sierra Chip” chocolate chip cookie is very decadent and savory with bold chunks of chocolate.

Although each cookie may look the same, no two cookies have the same exact number of chocolate chunks. This cookie will demand the attention of your taste buds and melt in your mouth.

Inspiration: This cookie was inspired by the individuality of each young woman who lives at Sierra House. Just as no two cookies have the same exact number of chocolate chunks, each of our young woman, ultimately has their own special make up.
